

Dona

OFFICE OF THE VICE PRESIDENT  
WASHINGTON

July 8, 1968

Dear Dr. Allen:

You have recently sent several very interesting intelligence memoranda, so many, in fact, that I can't list them all.

I have been currently studying papers concerning prospects for agriculture in Communist countries, a new oil field in Communist China, and prospects for resumption of South African gold sales.

I thank you and your Staff for all of them. I find them extremely useful.

Best wishes.

Sincerely,

George A. Carroll  
Assistant

Dr. Edward L. Allen  
Director, Office of Economic Research  
Central Intelligence Agency  
Washington, D.C.
